

CARTO-STRIPPER

SALIENT FEATURES :

- Easy to use, hand held unit.
- Safe, two handed operation.
- Pneumatic operated device.
- Damage free Blanks (Cartons).
- Most economical.
- Faster in comparison of manual removal & waste.
- Minimizes man power.
- Fast recovery of investment.
- Compact, comfortable to use.
- Can handle duplex board as well as 'E' flute sheets.
- Can handle laminated sheets.
- 75% time saving against manual stripping.
- Helps in production balancing (reduces bottle neck between die cutting and pesting level).

SPECIFICATIONS :

- Board Range : 200 gsm to 500 gsm.
- Minimum Waste Strip Depth : 10 mm for duplex & 20 mm for corrugation.
- 6.3 Bar air pressure (90 psi) required & air consumption of 9 CFM.
- Maximum recommended length of waste strip 40 cm smaller the length, easier to remove.
- The stack should be evenly arranged against a guide.
